Garage Epoxy Flooring in Brisbane Options

Epoxy Coating

Epoxy Coating is so far the best option for garages. With epoxy coating, the floor is patched, cleaned, and ground if necessary. Epoxy paint is then applied to the floor quickly as the mixture gets dry very quickly. Epoxy Flooring garage normal life is 5 years and upon taking care your epoxy garage can last up to 15 years. Upon the client's request, we also can apply the following finishes to the floor.

- **Flek Finish**

Decorative flakes are applied on floors immediately once the epoxy is applied and still in liquid form. Flakes are used to attaining a variety of style and appearance to the floor. It could be either full flake or partial flake. These flakes come in different shape, colour, appearance, blends and different size. Difference between full flake and partial flake is that with full flake, the base epoxy colour will not be visible however with partial flake, the base colour is visible, and amount of flake added to the floor is less compared to full flake floors. Read this informative article to know more about the benefits of having epoxy floors.

▪ **Metallic Finish**

Add shine to your floor with the next generation epoxy coating. Add elegance and style with Metallic Finish. Make living happier with exotic looking Metallic floor finish. Many different looks, style, and designs can be created and no two metallic floors will ever look alike.

▪ **Glow in Dark Finish**

Make your floor your heaven with glow in the dark epoxy finish. Glow in dark flakes is applied on wet epoxy creating a dazzling and dynamic look to the floor. The floor glows in dark for hours in full darkness and does not need electricity but uses solar energy to recharge the flakes. These flakes glow until sunlight recharging to glow in the coming night. Glowing floors help you find your way in total darkness and also save electricity bills.

Decorative Concrete Resurfacing

We at Epoxy Flooring Brisbane, offer concrete resurfacing options from coloured floors to decorative surface. We also offer clear flooring solution and offer finishes such as woodgrain, seamless stone, flek finish and many more.

Benefits of Epoxy Garage Flooring in Brisbane

Coating your garage flooring with epoxy have a couple of benefits:

- 1. Elegant look**

Epoxy coating the garage floors not only look elegant but the floor surface will appear shiny and the light bounces off epoxy giving the area a great new look.

- 2. Covers defects**

Epoxy coating covers all defects of your garage floors. With several available unique design and colour, Epoxy flooring Brisbane can transform your defected old garage floor to suit your house theme. Remember happiness is simply in flooring your dream.

3. Cost effective

Epoxy flooring garage floors is affordable as you can retain your current floor saving time and money on new floors and installation. Epoxy coating is a simple solution that lasts long period of time and is low maintenance.

4. Resistance

Add strength to your floor. Epoxy coating garage floors will add resistance to your floor against heat, hot tire pick up, tire mark, chemicals or oil marks and water damage.

5. Lasts Longer

Epoxy coated floors lasts longer compared to any other floor because of its protective qualities.

6. Protects

Floors with epoxy coated over are well protected as epoxy is a sealant that protects its base from cracking, wearing down, scratch resistance or even crumbling.

7. Easy Maintenance

Another great advantage of epoxy is that it is easy to clean by either sweeping mopping, air blower or washing and yet will maintain its glow all the time.

Requirements

There are few requirements to be met once any project is approved to proceed. We prefer the project area is cleared, cleaned free from debris. Cars and traffic to be removed to ease work. Our staff also work around the clock to get any project completed making the garage available for our clients at the earliest.

Warranty

One-year workmanship warranty is given against peeling and delamination. Moisture related and negligent issues is not covered by warranty. Manufacturer certificate could be offered

if it has been mentioned prior to start as manufacture representative has to assess the project to be able to issue the necessary certification. We do not offer warranty for substrate failure such as cracking of floors, shifting or crumbling of the concrete.

Occupational Health and Safety

As part of our commitment to achieving the principles of health and safety in workplace, Epoxy Flooring Brisbane, recognizes its moral and legal responsibility to provide a safe and healthy work environment for its employees, contractors, customers and visitors. This commitment also extends to ensuring that our operations do not place the local community or environment at risk of injury, illness or damage.

Furthermore, we also declare a no smoking zone due to the material used.

FAQs About Garage Epoxy Flooring

What are epoxy flooring flakes?

Epoxy flooring flakes are dry paint flecks. Coloured base coat is added to these flakes to create multiple finishes.

What is epoxy flooring for a garage?

Epoxy flooring is a durable protective coating applied over concrete garage floors. It improves the appearance of your garage, hides imperfections, and protects against chemicals, oil, tire marks, and general wear. With decorative options like metallic, flake, glow-in-the-dark, and woodgrain finishes, epoxy transforms your garage into a stylish and functional space.

How is epoxy flooring applied in a garage?

The process begins with cleaning, patching, and preparing the garage floor. A high-quality epoxy coating, such as Interplus 1180, Sika, or Dulux, is then applied. Decorative finishes like flakes or metallic effects are added while the epoxy is still wet. Once cured, the floor becomes strong, slip-resistant, and long-lasting, ensuring both beauty and protection for your garage.

How much does epoxy flooring cost for a garage?

The cost of epoxy flooring depends on your garage size, the type of finish you choose, and the preparation needed for your floor. Decorative or metallic finishes may require extra work.

To get an accurate estimate tailored specifically to your garage, it's best to contact Epoxy Flooring Brisbane for a free quote.

How long does garage epoxy flooring last?

With professional installation and proper maintenance, epoxy garage floors can last for many years. Routine cleaning and avoiding harsh chemical spills help maintain its shine and durability. Professional installation ensures a long-lasting, high-quality finish that protects your garage floor.

What are the benefits of epoxy garage flooring?

Epoxy garage flooring provides a combination of beauty and functionality. It enhances the appearance of your garage, adds durability, and protects against chemical spills, oil, tire marks, and general wear. It is easy to clean, low maintenance, and creates a slip-resistant surface, making your garage safer and more enjoyable to use.
