Metallic Epoxy Coating on floors and walls.

Some of the Areas Decorative Epoxy Flooring Can be Applied

▪ Garage Epoxy Coating

Transform your old-looking garage floors into something functional, bright, alive, and a place that can lighten up your mood.

Garage epoxy floor coating can be applied based on your taste, mood, different colors, and variety of designs.

Decorated garage with epoxy coating has also become popular now days in many residents around Brisbane as it is easy to clean spills, motor fluids, water and other liquids in one wipe. It is also easy to repair and maintain. Epoxy coating garage floors also transforms unsteady surface into steady and strong floors.

▪ Kitchen Epoxy Coating

Live life with spice. As life can have spice when the kitchen floor looks nice. That is to say, Epoxy does wonders in your kitchen and can be applied on floors, countertops, and a backsplash.

Say goodbye to your old tiled/wooden, cracked, stained, knife starched, and spot full kitchen. For instance, you can get yourself a mind-blowing kitchen floor with a beautifully decorated and matching backsplash. In addition, you can add designs, different finishes, add swirls and finish the look with a matching Kitchen epoxy cutting/cheese board.

▪ Bedroom Epoxy Coating

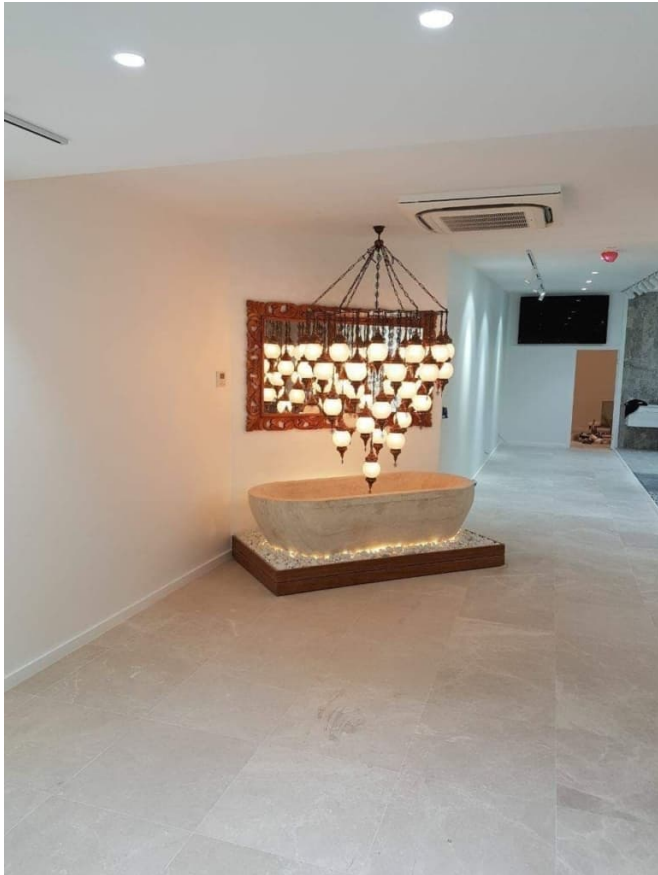

Complement add shine. On the other hand, you can unwind your stress with the exquisite epoxy floor in your bedroom. Discard those old tiles, carpets, and rugs and certainly get rid of those old wooden floors. Firstly, personalise your bedroom floor with different options and customise your bed headboard with matching epoxy resin coating. And lastly, add glitters, different colors, designs, or glow in dark epoxy and adorn your room today.

▪ Bathroom Epoxy Coating

Take your bathroom floor to another level. Firstly, create a matching handbasin and customise your bathroom floor with epoxy. Secondly, bring fashion and create your own masterpiece bathroom.

Epoxy will by then protect the floor from moisture damage and protects the bathroom from water damage, stain and cleaning gets super easy.

▪ Living Room Epoxy Coating

Relax like never before by epoxy flooring your living room floors. Everyone notices the living room and as the say goes, the first impression is the last impression.

Firstly, you can create a matching wall by painting, epoxy custom design floor, matching coffee tables, or matching dining area. And lastly, bring beauty to your living room, bring the design to your environment with Epoxy Flooring Brisbane.

But most importantly, entertain your guests and let your home speak for its own beauty with a decorative epoxy coated living room.

▪ **Basement Epoxy Coating**

Breathe life into your Basement with glow in dark epoxy which will glow for hours creating a dynamic visual look. Basement is that part of a house which is normally dark with a lot of humidity. With epoxy coating, cleaning gets easier and glow in dark epoxy will definitely bring life and revamp your basement.

▪ **Patio Epoxy Coating**

Bring unexpected beauty to your Patio with Epoxy Flooring Brisbane.

Patio has many uses. From dining to soaking in the sun or to enjoy the breeze with your favourite book, patios act as a great anchor point at any residence. Epoxy Flooring Brisbane will make your house patio look great. We will help you choose the best design, colors and finishes to suit your need and not forgetting glow in dark epoxy coating can bring life to the patio at night.

more

Warranty

1-year workmanship warranty is given against peeling and delamination. Moisture related issues is not covered by warranty. Manufacturer certificate could be offered if it has been mentioned prior to start as manufacture representative has to assess the project to be able to issue the necessary certification. We do not offer warranty for substrate failure such as cracking of floors, shifting or crumbling of the concrete or abusive uses.

Occupational health and safety

As part of our commitment to achieving the principles of health and safety in workplace, Epoxy Flooring Brisbane, recognizes its moral and legal responsibility to provide a safe and healthy work environment for its employees, contractors, customers and visitors. This commitment also extends to ensuring that our operations do not place the local community or environment at risk of injury, illness or damage. Furthermore, we also declare a no smoking zone due to the material used.

FAQs About Residential Epoxy Flooring

Is it possible to apply epoxy over tile floor?

Ans: Yes, Epoxy can be applied over tiles. With the right approach and using the right products. With the combination of great application knowledge and by using the right products epoxy can be installed over tiles. To learn more check our blog [“Is Epoxy Over Tiles Possible?”](#).

Does Epoxy get stained?

Ans: No, Epoxy itself is stain resistance and by using the right top coat such as polyurethane coating, it takes the floor to a different level of stain and scratch resistance.

Does your residential flooring area require attention?

Ans: Regular maintenance ensures your residential epoxy floors stay durable and visually appealing. Simple cleaning routines and avoiding abrasive chemicals help prolong the life of your epoxy-coated surfaces.

How long does residential epoxy flooring last?

Ans: Residential epoxy flooring in Brisbane can last a very long time with proper care. Its durability depends on surface preparation, coating thickness, and ongoing maintenance.

Can epoxy flooring be applied in any residential area?

Ans: Yes, epoxy can be installed in nearly all residential flooring areas, including kitchens, garages, bedrooms, bathrooms, patios, and basements. It provides a smooth, durable, and attractive surface suitable for both high-traffic and decorative spaces.

What are the benefits of residential epoxy resin flooring?

Ans: Epoxy resin flooring offers long-lasting durability, easy maintenance, and customisable finishes. Homeowners in Brisbane choose it for its glossy finish, moisture resistance, and ability to enhance interior design.

Is residential epoxy coating safe and non-slippery?

Ans: Yes. When installed correctly with a non-slip additive, epoxy flooring provides a safe surface, even in wet areas like bathrooms or patios. It's also resistant to bacteria and

allergens, making it a hygienic option for homes.

How much does residential epoxy flooring cost in Brisbane?

Ans: The cost of residential epoxy flooring depends on factors such as area size, surface condition, and finish type (flake, metallic, marble, etc.). For an accurate quote, contact Epoxy Flooring Brisbane for a free on-site assessment.
